IMPORTANT NOTES FOR ALL BIDDERS

We would expect that the wise buyer will submit numerous bids, all at levels commensurate with his idea of the value of each lot. On items that he really wants badly, the serious bidder will bid well above the top estimate, recognizing that his bid will be reduced to 10% above the second highest bid, but also realizing that he may be in competition with other seriously interested bidders.

In those sections which show a price range for an estimate, the low figure represents a wholesale evaluation, while the high figure indicates what a serious specialist would gladly pay for the lot. Bids less than the lower of the two figures will most likely be unsuccessful; bids above the higher figure will most likely be successful and will most likely be reduced as outlined above (see also paragraph 2 of TERMS OF SALE).

In those sections where only one estimate is given, in some instances with a plus mark, these estimates represent what we believe to be a fair wholesale price and/or the reserve. In many cases these single estimates represent our own cost value. In nearly all cases, bids below these estimates will not be accepted. Generally speaking, our estimates should serve as useful guides, but all bidders should use their own knowledge and experience as the final tools to determine their bids.

We make the following suggestions to all bidders:

- (1) Bid what you wish on each item, but keep the estimate and reserve prices in mind lest you waste your opportunity to acquire an item you particularly desire.
- (2) Bid the maximum bid you would pay for the lot, recognizing that if your bid is high, relative to other bids, your bid will be reduced in accordance with paragraph 2 of TERMS OF SALE.

At the conclusion of the listing of all lots we have observed that many of our estimates in the paper money section as well as the gold section, may be considered low and are expected to realize prices at above our estimates. We make this observation based on the increased interest in paper money and the ever-increasing interest in gold. So also, all rare numismatic items are finally being recognized as such and are finding their ranks in value.

Requests for additional information, confirmation of the grade, date, mint mark, etc., of any particular items, or any similar individual questions are welcome and will be answered as promptly as possible.

An asterisk (*) before the lot number indicates that the actual lot offered for sale is photographed and can be found in the PLATE SECTION.

TERMS OF SALE

1. This is a mail bid sale. All mail bids must be received at our place of business not later than 6:00 p.m. Central Daylight Time, June 20th, 1980. The highest mail bid for each lot will buy it. The highest mail bid on each lot may be reduced to just above the second highest mail bid (see item 2). On this basis it should be obvious that mail bidders should bid generously, if they are desirous of obtaining any particular lot or lots.

2. Terms of reduction: (a) No reduction will apply to bids of \$10.00 or less. (b) On bids of \$10.01 and up, the highest bid will be reduced to 10% over the second highest bid. For example, if your bid on Lot #100 is \$70.00 and the second highest bid is \$50.00, you will obtain the lot for \$55.00 (or \$50.00 + 10%). However, if your bid is \$70.00 and the second highest bid is \$65.00 then no reduction will apply as 10% over the second highest bid will be \$71.50. When reductions apply, amounts will be rounded off to the nearest half dollar.

3. An estimate is given for most lots. These estimates simply represent the owner's idea of the value of the item or our professional opinion as to what each lot is worth. **THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER AT YOUR DISCRETION.** To further clarify this, please read the "Notes to Bidders". We recommend that if you seriously want a lot, you should bid close to or over the estimate given herein.

4. All bids are to be made by LOT NUMBER as listed in this catalog. (Please make sure that your bids are legible.) Bids should be made only in United States Funds. In case of tie bids, preference will be given to the bid with the earliest postmark.

5. Lots will be sent on open account only to customers who have established credit with us. New accounts must furnish satisfactory credit references and/or include a 20% deposit. New accounts requesting shipment to a post office box or to general delivery must also furnish their home or business address. Bidders who have not established credit with us will be invoiced for their successful bids; lots will be sent upon receipt of payment.

6. All successful bids must be honored in U. S. funds immediately upon receipt of the lots or the invoice. This is absolutely necessary so that consignors can be reimbursed. Special arrangements for payment are possible if the amount involved warrants such treatment. If this is necessary, please request it BEFORE the auction, not after.

7. VISA/BANKAMERICARD or MASTERCHARGE may be used to pay for successful bids provided the purchaser agrees to pay the service charge billed to us by our bank on such transactions (3% on both VISA/BANKAMERICARD and MASTERCHARGE). Foreign bidders should make payment by International Bank or Postal Money Orders or Bank Drafts payable in the United States.

8. Postage and insurance or registration fees will be added to all invoices. Foreign bidders will be charged a percentage of the total value to partially cover insurance fees. And, our insurer will be responsible for any losses. Foreign bidders should advise us if special shipping instructions are necessary.

9. 5½% sales tax will be added to all lots mailed to Texas addresses, except dealers.

10. Auction sales ARE NOT approval sales. Upon submitting bids you agree to abide by the "Terms of Sale". Experts have described all lots; any errors made by them will be gladly corrected. Likewise, you are responsible for any errors you make. Returns can only be made with our written approval; request for such must be made within ten (10) days of dispatch of lots by us.

11. Title to all lots will remain with the cataloguer until payment in full is received. All items are guaranteed to be authentic (unless otherwise indicated) and to be as listed. Furthermore, the cataloguer reserves the right to accept or reject any or all bids at his discretion.

12. All lots in this auction will be available for inspection by appointment only prior to June 16th, 1980.

1. Este es un remate por correo. Todas las apuestas (o pujas) tendrán que ser recibidas en nuestro lugar de negocio no después de las 6:00 p.m. hora de San Antonio, Texas, del día 20 de junio de 1980. La apuesta más alta para cada lote es la que comprará dicho lote. La apuesta más alta podrá ser reducida hasta el punto de ser un poco más que la segunda apuesta más alta (ver artículo 2). Sobre estas bases, es obvio que los compradores deberán hacer apuestas generosas, si están deseosos de obtener cualquiera de los lotes en particular.

2. Términos de reducción: (a) No se aplicará ninguna reducción en apuestas de \$10.00 o menos. (b) Sobre las apuestas de \$10.01 en adelante, la más alta será reducida hasta el 10% sobre la segunda apuesta más alta. Por ejemplo, si su apuesta en el lote #100 es de \$70.00 y la segunda más alta es de \$50.00, usted obtendrá el lote por \$55.00 (o sea \$50.00 + 10%). Sin embargo, si su apuesta es de \$70.00 y la segunda más alta es de \$65.00, entonces ninguna reducción será aplicada, ya que si añadimos el 10% a la segunda apuesta más alta, el lote llegaría a costar \$71.50. Cuando las reducciones sean aplicables, la cantidad será redondeada al próximo medio dólar.

3. Se ha estimado un precio para la mayoría de los lotes. Estos precios estimados simplemente representan la idea que el dueño tiene sobre el valor del artículo, o nuestra opinión profesional de valor del lote. ACLARAMOS QUE SON SOLAMENTE PRECIOS ESTIMADOS Y QUE USTED PUEDE APOSTAR MAS ALTO O MAS BAJO SEGUN SU PROPIO CRITERIO. Para aclarar este punto, por favor lea los precedentes artículos. Recomendamos que si usted está seriamente interesado en un lote, lo mejor será que apueste cerca o más del precio estimado en este catálogo.

4. Todas las apuestas indicarán el número del lote como aparecen en este catálogo. (Por favor, cerciôrese que sus apuestas sean legibles.) Apuestas serán hechas sólo en dólares Estado Unidenses. En caso de empate en una apuesta, preferencia se le dará a la apuesta que es recibida primero.

5. Los lotes serán enviados a crédito solamente a clientes que tienen crédito establecido con nosotros. Nuevas cuentas tendrán que proveer referencias de crédito satisfactorias y preferible 20% de depósito. Cuentas nuevas que soliciten los envíos a Casillas Postales, deberán proveer también sus direcciones domiciliarias o de su negocio. A los compradores que no han establecido crédito con nosotros se les enviará la factura correspondiente por lotes que han ganado y se les enviará la mercadería al recibir el pago.

6. Todas las apuestas ganadoras tendrán que ser pagadas por medio de giro o cheque pagable en los Estados Unidos o en efectivo inmediatamente al recibir los lotes o factura. Acuerdos especiales para hacer pagos son posibles si la cantidad apostada merece tal trato. Si esto es necesario, por favor, pídale ANTES de que se cierre la subasta, no después.

7. Tarjetas de crédito VISA/BANKAMERICARD y MASTERCHARGE se pueden usar para hacer pagos, pero el apostador tiene que pagar el servicio de cargo facturado a nosotros por esas compañías en tales transacciones (3% en VISA/BANKAMERICARD y también en MASTERCHARGE). Nuestros clientes fuera de los Estados Unidos además pueden pagar por girios internacionales de bancos que se pagan en los Estados Unidos u otra forma previa y mutuamente acordada antes de cerrar la subasta.

8. Cargos de seguro o certificación de los envíos se le agregarán a todas las facturas. Apostadores deben de indicarnos si existen instrucciones especiales de despacho. Apostadores fuera de los Estados Unidos pagarán un porcentaje del valor total para cubrir parcialmente los gastos de seguro y nuestra compañía de seguros será responsable por cualquier pérdida.

9. No es aplicable a nuestros clientes en el extranjero.

10. Las ventas en los remates no son ventas aprobadas por el cliente cuando él recibe la mercadería, sino que cuando el cliente somete su apuesta, él entra en un acuerdo para comprar la mercadería. Cuando el cliente apuesta, él indica que está de acuerdo con los términos de venta de este remate. Todos los lotes han sido descritos por expertos en la materia; si algún error ha sido cometido por ellos, nosotros estaremos complacidos en corregirlo. En igual forma, usted se hace responsable de cualquier error cometido por su

AUKTIONS-BEDINGUNGEN

1. Dies ist eine Versandauktion. Alle Gebote müssen uns bei Auktionschluss, 20. Juni 1980 - 18:00 Uhr Ortszeit erreicht haben. Das jeweilige Los wird dem am höchsten Bietenden zugeschlagen. Das Höchstgebot für ein Los kann auf einen niedrigeren Betrag herabgesetzt werden (siehe 2. Absatz). Es dürfte einleuchtend sein, daß auf diese Weise der Bietende ein großzügiges Gebot macht, wenn er den (die) gewünschten Posten bekommen möchte.

2. Bedingungen zum Preisnachlaß: (a) Kein Preisnachlaß erfolgt an Geboten von \$10.00 und darunter. (b) An Geboten \$10.01 & höher - das Höchstgebot wird auf 10% über dem 2. höchsten Gebot herabgesetzt; z.B. wenn Sie für Los #100 \$70.00 bieten und das 2. höchste Gebot \$50.00 beträgt, so werden Sie das Los für \$55.00 (oder \$50.00 + 10%) erhalten. Jedoch, wenn Sie \$70.00 bieten und das 2. höchste Gebot \$65.00 beträgt wird kein Nachlaß gewährt, da 10% über dem 2. Gebot \$71.50 ist. Wenn Nachlaß gewährt wird, wird der Betrag zum nächsten halben Dollar aufgerundet.

3. Ein Voranschlag ist für die meisten Posten gegeben. Diese Voranschläge bezeichnen einfach den vom Eigentümer eingeschätzten Wert, oder unsere berufsmäßige Ansicht über den Wert des jeweiligen Postens. Dies sind nur Vorschläge & Sie können höher oder niedriger bieten, ganz nach Ihrem Belieben. Um es besser zu (er)klären, lesen Sie bitte "Anmerkungen für Gebote". Wir empfehlen, wenn Sie den Posten wirklich möchten, sollten Sie dicht an den Voranschlag oder darüber bieten.

4. Alle Gebote sollen nach den Posten - nummern, wie im Katalog verzeichnet, gemacht werden. (Bitte vergewissern Sie sich, daß Ihre Gebote leserlich sind.) Gebote sollten nur in U.S. Währung gemacht werden. Im Falle eines gleichen Angebotes bestimmt der Poststempel.

5. Posten werden mit einer offenstehenden Rechnung an Kunden, die einen guten Kredit mit uns haben versandt. Kunden, die noch keinen Kredit bei uns eingerichtet haben, bekommen eine Warenrechnung für Ihre erfolgreichen Gebote zugesandt. Die Posten werden nach Erhalt der Zahlung versandt.

6. Alle erfolgreichen Gebote müssen sofort nach Erhalt in U.S. Währung beglichen werden. Dies ist sehr wichtig, so daß Konsignatoren ausgezahlt werden können. Spezielle Vereinbarungen zur Zahlung sind möglich, wenn der Betrag eine solche Behandlung rechtfertigt. Wenn das notwendig ist, bitte ersuchen Sie darum VOR der Auktion, nicht danach.

7. VISA/BANKAMERICARD oder MASTERCHARGE können zur Zahlung verwendet werden, vorausgesetzt der Kunde ist einverstanden die Servicekosten, die uns unsere Bank bei einem solchen Geschäft verrechnet (3% bei VISA/BANKAMERICARD & MASTERCHARGE) zu tragen. Ausländische Kunden werden gebeten Ihre Zahlungen durch eine internationale bank, mit Zahlkarte oder Tratte zahlbar in New York zu begleichen.

8. Porto & Versicherung oder Anmeldegebühren werden bei allen Rechnungen dazugerechnet. Ausländischen Kunden wird ein Prozentsatz vom Gesamtwert verrechnet, um die Versicherungskosten teilweise zu decken und unsere Versicherung wird für etwaige Verluste haftbar sein. *253	-E98 One Peso Coquimbo, 1828T.H., Elizondo P.98, value in wreath above volcano. Rev. Column surrounded by stars and banner. This issue form the short-lived Coquimbo mint is of the utmost rarity. In fact it is one of the rarest of Latin American crowns and informed authorities estimate that only about eight pieces exist. The cataloguer personally grades this coin as AU but the excellent enlarged photographs in the plate section including close-ups of double striking in date area will allow prospective bidders to make their own judgement of the condition of this coin. This is indeed a rare opportunity to acquire a piece which is missing from most major Latin American collections. We have reports of a piece changing hands for \$14,000.00 three years ago. Surely the trend of inflation and the ever increasing demand for Latin American coins should justify a bid in excess of that price. We estimate the coin should bring 12,000-20,000.00 <i>This is the same coin offered by us as Lot 387 in our December 1, 1976 Auction.</i>

The above sets were struck in small quantities of 1,000 (of the uncirculated) and 3,000 (of the Proof sets). Due to an error when ordering the sets, the issuance of less uncirculated sets was accomplished. This is contrary to the usual trend where less are struck of the Proof than of the uncirculated sets. The collector is now faced with having a choice of the lesser mintage coin (considerably rare) at a slightly lesser price of the Proof, not as rare but more sought after because of its beautiful finish; the end result being that one set is as good an investment as the other and either set having a tremendous potential as collectors are not yet fully aware of the issuance of these handsome coins which will undoubtedly soon be in great demand. If the gold and silver content alone is figured at \$500 and \$15 per ounce respectively, the metallic content alone will be \$652.45. In fact, in January 18th of this year, their metallic content reached a value of \$1,133.88. We believe it will not be long before metals will again advance to those price levels.

This pattern is similar to the 1851/36MA offered in our Feb. 28, 1978 auction (Lot 115) which sold for \$3200.00. That particular pattern appeared to have been struck in copper w/silver inlay. So is this coin. Reverse completely double struck. Piece is almost as struck except for blow in the "8" of 8 Reales to the left side of Ceiba tree. We encourage everyone to BID, BID, BID. We suggest you bid higher on the pieces you desire the most. So also, we encourage bidding at a wholesale level on the pieces of lesser interest to you. Many times, the attention is focused on certain items and some pieces receive no bids or bids that are ridiculously low. We do not mind parting with lots receiving wholesale prices and many owners' reserves are usually favorable to the collector. At any rate, do try to place your bids early—this is favorable to you in case of tie-bids.

*1304	-Pelicer I Bru 880 CC6361 4 Reales 1659V, Lima, so called "Estrella de Lima" (star of Lima type) in our very first auction (August 31, 1970) featuring the Jose Toribia Medina collection and other important consignments, we offered one of these coins under lot #6004. The coin then offered was of lower grade and less design was visible. The coin offered shows the crown above the pillars and the "IIII" of Felipe IV is visible which is not the case in the specimen offered in 1970. The estimate for that particular coin was \$1,000-1,500.00 and it sold for \$850.00. The coin hereby offered is at least in VF condition and adding to its rarity is a c/s which makes it possibly unique. The c/s in in a form of a shield w/fancy letters which we are unable to define but are something in the line of inverted "E"'s w/three large dots in the center. We suspect that it might have been circulated somewhere in Neth. Indies. With galloping inflation and increasing numismatic interest in this series of coinage, we expect the winning bid to surpass.	2,000.00+

*1442	-SPAIN REALES DE CINCUENTA (50 REALES). 1628A Cincuentines are large silver pieces struck on planchets about 3 inches in diameter with an approximate weight of six ounces. They were coined in the Royal Mint of Segovia under Philip III, Philip IV and possibly Charles II. The Segovia Mint was the most appropriate for coining the cincuentines because since the year 1586, it produced coinage from roller dies.	
Only a person very close to the Monarch could come into possession of a cincuentin, and its possession therefore commanded respect, service and perhaps fear by the common people. Thus a cincuentin would serve as a recognition of exceptional service rendered to the King by an important person and would serve also as a kind of currency that permitted its possessor to enjoy credit for purchases that he would pay for later with common money. Calbeto reasons that for the above reason, a cincuentin was the 17th Century equivalent of a present-day credit card, with a romantic touch of royalty.		
Due to the great pressure that the rollers exerted over the planchet, the surface of the planchet is often cracked and wavy. This is the case on the coin hereby offered where a crack is visible on the reverse in the date area.		
All the Pieces of Fifty are in great demand by collectors and they make an interesting addition to a collection for the sophisticated numismatist.		
The lot hereby offered EX WOLFSEN specimen, Superior, June 1976, Lot 1911. For wear it could be graded ABT.VF with several nicks and dings. Very few have been offered in recent years and the consignor expectation justifies his estimate of.

(CONTINUED ON PAGE 39)

Almanzar's is proud to offer at auction an unusual assortment of coins and medals featuring Zeppelins and incidents related to the history of this airship of a bygone era.

Man's age old dream of emulating birds was first successfully attained by the free balloon, which is sometimes still practiced today, mostly for sport. An Atlantic crossing was recently accomplished after many failures.

However, popular imagination was captured when dirigibles, especially the rigid type developed by Count Ferdinand von Zeppelin, were developed with some success. Perhaps had not hydrogen gas been so inflammable, Zeppelins might still be around as one form of mass transportation, though much slower than a jet.

Count Zeppelin rose to the rank of Lieutenant General in the German army but retired in 1891 at the age of 53 to devote his time and wealth to experiments with dirigible balloons. However,

a record of failures which reduced him to poverty marked his experiments for several years.

Imperial patronage and public subscription enabled him at last to conquer all difficulties and in 1908-09, dirigibles of the type with his name were making successful journeys of up to 1000 miles. Kaiser Wilhelm and his wife became firm believers in the usefulness of Zeppelins after taking a trip in one in 1908.

Great faith in Zeppelins existed in Germany during World War I. It was thought the German army would land on the coast of England in a fleet of Zeppelins that would bring destruction and cause panic in England.

About 90 Zeppelins were built. Despite unwieldy bulk and slow speed, the Zeppelin had many formidable qualities, mainly its ability to remain airborne for hours at a time. But they had to grope in the darkness for their target (they had no radar, of course, and were sitting ducks in daylight) and about 40 of them were destroyed in the war. Zeppelin raids were made over Belgium, England and even Paris, but with minimal results and with virtually no effect on the duration or outcome of the war. Their failure as warships was said to be a great disappointment to Count Zeppelin.

Perhaps the zenith of the rigid airship was in the period of 1928 to 1936 when the 'Graf Zeppelin' made a total of 590 flights, including 144 ocean crossings. In 1929 it flew around the world covering 21,700 miles in 20 days.

"The 'Graf Zeppelin' was the subject of numerous coins and medals of various countries and in addition was depicted on a set of three U.S. airmail postage stamps in the unusual denominations of 65¢, \$1.30 and \$2.60. A set of 3 of these stamps in unused condition sells for about \$10,000 today."

During 1928 to 1933 two rigid airships, the 'Akron' and the 'Macon', were designed and built in Akron, Ohio, for the United States Navy. But in 1933, during a night flight in severe weather over the Atlantic, the 'Akron' crashed into the sea. In 1935, returning from a fleet maneuver, the 'Macon' was lost due to mechanical failure. And that was the end of the rigid dirigibles for the U.S. Navy!

Famous U.S. Stamps featuring the 'Graf Zeppelin'

COUNT ZEPPELIN

Continued.....

But the death knell for all Zeppelins was tolled in 1937 when the 'Hindenberg' on its 37th ocean crossing crashed in flames during the landing at the Naval Air Station at Lakehurst, New Jersey. The hydrogen gas became ignited from an unknown cause - a fact which was the subject of a recent George C. Scott movie.

Today, only a few non-rigid dirigibles, the Goodyear blimps, remain in service, and they use helium gas, which is nonflammable. But with a top speed of about 85 miles per hour, the Zeppelin would be no match for the speed of a Boeing 747!
